

Procedure for obtaining a Driveway Permit

To All Applicants:

In order to obtain a Penn Township Driveway Permit, a sketch plan of your property must be attached. The plan must include the following:

1. Overall plan of the property. This does not need to show bearings but should show distances to the best of the Applicants ability.
2. Show locations of all wells, septic tanks, drain fields, existing buildings, proposed buildings, swimming pools, permanent landmarks such as large trees, driveways, electric lines, property lines, and building setbacks for the appropriate district in which you are in.
3. Please show street names and nearest intersection.
4. Show distances to all property lines.
5. The driveway shall be posted before the application is submitted. The site will be visited.
6. **Before paving** the driveway will be inspected as to the slope and site distance required.

Attached is a sample plan that can be followed. This plan does not need to be in any scale, but must show what the distances are. Please note that following this process will help speed the process along. If a proper plan is not attached the application will be rejected.

EXEMPTIONS

Permit issuance fees and general permit inspection fees are not payable by any of the following:

- 1) The commonwealth.
- 2) Political subdivisions of the commonwealth, except when placing a facility longitudinally within more than 100 total linear feet of pavement. In that case, the application and inspection fees for pavement openings will be charged.
- 3) Governmental authorities organized under the laws of the commonwealth.
- 4) The federal government.
- 5) Charitable organizations that are in compliance with Act No. 337, approved August 9, 1963, P.L. 628, as amended (churches, hospitals, schools, charitable institutions, veterans' organizations, non-profit organizations)
- 6) Utility facility owners for:
 - a) The installation of street lights at the request of PennDOT or the political subdivision.
 - b) The replacement or renewal of their facilities prior to a township resurfacing project after notice from the township.
 - c) The removal of poles and attached appurtenances.
 - d) Facilities moved at the request of PennDOT or the political subdivision.
 - e) The reconstruction or maintenance of their facilities that occupy the right-of-way under private status.

ADDITIONAL INSPECTION FEES

If the township determines that the permitted work is of sufficient magnitude or importance to warrant assignment of one or more persons to inspect the permitted work on a more than spot inspection basis, the permit will so indicate and the permittee shall be charged for additional salary, overhead and expenses incurred by each assigned inspector and the township.
